

## Field Trip Information—Parent Chaperones

Parents are always welcome to accompany Wyandot Camp on field trips. We ask that any parent attending a camp field trip respect the following guidelines:

- Parents must inform the camp site supervisor that they want to attend a field trip at least one day PRIOR to the field trip
- Parents must provide their own transportation to and from all field trips and pay for their own parking
- Parents must pay their own admission to the field trip
- Parents must bring, or pay for, their own meals during field trips
- Upon arrival at the field trip site parents may either choose to remain with their camper's group and travel with the group throughout the day OR a parent may choose to sign their camper out for the day and explore the field trip site independently
- If a parent chooses to remain with the camp group, we ask that parents adhere to the same policies and procedures that camp staff and campers are required to follow (please follow the counselors' instructions, stay with the group and refrain from touching or disciplining campers other than your own)
- If a parent chooses to sign a camper out, at any time during the field trip, that camper CANNOT be signed back into camp for the remainder of the day—once you sign your camper out he/she is your responsibility for the remainder of the day

**Please contact Erin Duffee or one of the PSY Program Team staff with any additional questions: 614-410-4550**
